

SHOCK ABSORBER KIT ELLIS PART NO. 201806C00K

SHOCK ABSORBER KIT INCLUDES:

- SHOCK ABSORBERS
- MOUNTING SPACERS
- ALL MOUNTING HARDWARE
- LUBRICANT

LIMITED TIME OFFER

\$950.00

This kit was designed to provide all of the components necessary to support maintenance plant personnel when replacing the shocks on a Sideloader washer extractor. This is an integral part of the machine maintenance to provide the best support to the machine to achieve extract speed without retries. This PM is scheduled every 18 months or 3,200 Hrs. on all Model Z472 Ellis Washer Extractors. This kit includes all of the items needed to be replaced at that time, the lubricant, and the drawing with the instructions needed. A sideloader with shocks that are changed regularly will have the best chance to extract properly the first time.
