

For Safety and Security insist on Ellis OEM Parts!

A longtime Ellis Customer purchased the latch on the left from an after market seller.

The Customer stated *“the latch rusted in less than 30 days”*.

The Customer had to return the latches to the vendor and purchased a new set of latches directly from Ellis. The Customer stated that *“he will buy strickly OEM products for all Ellis Equipment in the future”*... Insist on buying Ellis OEM parts!

Please call Parts department to find out about recent parts sales!
